EXT. HOLLY'S HOUSE - NIGHT

The definition of Suburbia. You'd either love it here or kill yourself from boredom. At least the Colbert Report is on TV.

Through the window, we see Stephen Colbert interview a bleary-eyed PRIEST.

FATHER DARIUS (ON TV)
This Friday the Anti-Christ *will*
possess a human being, and he *will*
ravage and slaughter the human
race, bringing the End of Days.

STEVEN COLBERT (ON TV)
Can Satan reschedule? I can't miss
my Friday lunch with Diddy again.

CRASH! MR. SMITH, 50s, gashes on his face, bloody, ripped clothes, FALLS out the front door of the HOUSE!

FATHER DARIUS (ON TV)
If we do not find the carrier NOW,
their flesh will rot and be ripped
apart, exposing the foul beast.

STEVEN COLBERT (ON TV)
Father, you're an expert at
spreading fear. Question: Have you
thought of running for president?

Mr. Smith scrambles to pick up the bundle of WOOD AND TOOLS he dropped. He races over to the BASEMENT WINDOW.

FATHER DARIUS (ON TV)
If an exorcism is not performed,
you will ALL be at the mercy of
pure, unrelenting evil.

He covers the window with boards, smashing nails into them.

STEVEN COLBERT (ON TV)
You mean the liberals?

FATHER DARIUS (ON TV)
PLEASE contact me at the Rockwelle
Church of Christ. Or God help us.

Mr. Smith furiously SMEARS BLOOD on the wood, making a CROSS.

STEVEN COLBERT (ON TV)
You heard it. If you're possessed,
don't be a dick. Call this number
before Friday.

CUT TO: BLACK

EXT. HOLLY'S HOUSE - AFTERNOON

SUPER: "Saturday. Six days until Friday"

Much nicer in the sunlight, but still boring. A weather-beaten '98 CIVIC is parked on the street outside the house.

INT. HONDA CIVIC - SAME

ANDY, 17, the kind of nerd you want to root for, wears an unfortunate array of mismatching dress clothes. He tries to tie his polka-dot bowtie in the mirror.

ANDY
I really like her, Chuck. I
think...I think I might love her.

We can't see Chuck. Andy gazes longingly at Holly's house.

ANDY (CONT'D)
I mean, I haven't talked to her
yet, officially. But she accepted
my friend request on Facebook.

He goes back to adjusting his faded gray shirt, lime green undershirt, purple corduroy pants and polka-dot bowtie.

ANDY (CONT'D)
How do I look? I want to make a
good impression, you know? Let her
know I'm a man. Got any advice?

He looks at the dashboard, and we finally see Chuck:

A CHUCK NORRIS BOBBLE-HEAD. Andy pushes a button on Chuck.

CHUCK NORRIS BOBBLE-HEAD
Chuck Norris can mathematically
make two wrongs equal a right!

ANNABELLE (O.S.)
One: Do Chuck Norris movies even
have love interests? Two: You're
talking to a fucking bobble-head.

ANNABELLE opens the door and hops into the passenger seat. This is Andy's infinitely cooler 9-year-old sister.

ANDY
Chuck Norris can't have love
interests because none of them can
survive his roundhouse kick.

ANNABELLE
Definitely someone you should take
romantic advice from.

ANDY

Who else would I take advice from?

ANNABELLE

Me. First, don't kick her. Next, wear jeans and an H&M shirt instead of...that. And lastly, bring her a rose instead of your personality.

ANDY

Will you just leave me alone?

ANNABELLE

Nope. You may be useless in almost every conceivable way, but I'm hungry and can't reach the Pop Tarts. So please hurry this up.

Andy puts his hand on the doorhandle, but doesn't move.

ANNABELLE (CONT'D)

(genuine)

Are you colorblind? Or retarded maybe?

ANDY

I don't think so. Why?

She looks at his horrible outfit.

ANNABELLE

Nothing. You're awesome. Go.

Andy hesitates.

ANDY

You just don't understand...the bowtie is ironic. So it's cool.

ANNABELLE

Mmmhmm.

Andy fiddles with his bowtie, trying to straighten it. He can't. Annabelle grabs his neck and does it for him.

ANNABELLE (CONT'D)

I'm afraid to ask, but why the hell did you *drive* over here, anyway?

Andy looks at her, getting more insecure by the moment.

ANDY

I don't know. I thought driving over would make a good impression.

ANNABELLE

We LITERALLY live across the street
